

The good news that is the people of Haiti

We pray for our brothers and sisters in Haiti,
that our compassion will not tire
as the days of need stretch across time.
Help us to seek out and share
the good news of the Haitian people
who comfort each other and
work together to rebuild and renew their communities.
May our partners walk alongside
and learn from your people's wisdom
so that all may experience the fullness of life you
promised us.

We pray in the name of Jesus who walked alongside the
marginalised and learnt from those about him.

Amen
