

Charity

but what is charity
and where is home?

BEGINS AT home

Pope Paul VI Memorial Lecture 2011
Fr Christopher Jamison OSB

In the Paul VI Memorial Lecture, Fr Christopher Jamison OSB will explore the many ways in which people approach charity and show how these approaches are affected by a sense of home that is no longer confined to the place where we live. Set in the East End of London, against a backdrop of government spending cuts and increasing civil disorder, this year's lecture is an invitation to take a fresh look at the best ways to address poverty in this country and overseas.
